

The FCS Outlook Connector from **FCS** delivers much sought after **integration between Oracle HRMS and Microsoft Outlook.**

Our customers benefit from our new *"out of the box"* features that deliver calendar invites direct to your inbox when you, your team members or administrators book absences and enroll your team in training.

The Standard version of the product integrates with Microsoft Outlook with no need for any installation on client PCs. A premium version of the products is available for those who wish Oracle HRMS to integrate with their Microsoft Exchange Server

## Only Available From FCS

### Key Benefits

- No more double entry of holidays into both Oracle and Outlook
- Keep track of your colleague's time away from the office
- Cancellations or changes made in Oracle sync automatically with Outlook
- Manage your HR data with Oracle, not email
- No need for any installation on client PCs
- Helps embed Oracle Self Service within your business

## Features at a glance

### Absence Calendar Appointment

- Control which types of absence bookings send calendar appointments
- Book Absence through Self Service
- Calendar Appointment sent out when absence is approved
- Appointments also sent when absence booked through PUI
- Cancellations or Updates made in Oracle are synced with Outlook calendar

### Training Courses

- Control which types of training send calendar appointments, e.g., Classroom Based; Web Seminars
- Enroll into classes via Self Service or via Learning Administrators
- Calendar appointment sent out when learner is placed
- Cancellations or rescheduling made in Oracle are synced with Outlook Calendar

### Standard Edition

- Works "out of the box" with any Oracle installation already configured to send emails
- No Client side install required: calendar appointments are sent via email and accepted by recipient
- Appointments sent to Employee, their Manager and their Manager's Direct Reports or any combination of the above
- Uses industry standard calendar format to also integrate with Lotus Notes and other email clients

### Premium Edition

- Leverages the power of Fusion Middleware to interface directly to our Microsoft Exchange Server
- Absence and Training booked in Oracle seamlessly appears in your Outlook Calendar without the need to accept an invite
- Appointments viewable by your colleagues
- Small installation required on Microsoft Exchange Server

## It just works

The Outlook Connector from FCS integrates seamlessly with your existing implementation of Oracle HRMS

All our developers have worked in Oracle's own world-class development team, which brings the promise of Oracle standards, compatibility and the highest quality.

We have combined our expertise to provide our customers with packaged, "out of the box" products that could previously only be achieved with costly consultancy or large in-house teams.

- Be up and running in days – no expensive consultancy
- Use familiar products, like Oracle Workflow and AME
- Remain confident that future resale 12 and 11i patches and upgrades are compatible.
- Rest assured that only Oracle-supported extensions are used
- Protect your investment; FCS offers a full support package for all our products and services

**Please note:** The Premium Edition leverages Oracle BPEL, which is part of the Fusion Middleware Suite and requires a license
